Global Projects

· HORAY SOLAR (Headquarters) ·

Horay headquarters serves as the core PV module manufacturing base for the Group. The facility utilizes integrated intelligent and automated systems, where advanced equipment and digital monitoring ensure seamless production coordination, full traceability, and consistent high-quality output.

· HORAY ERA (ESS Manufacturing Center) ·

HORAY ERA has achieved R&D-to-manufacturing breakthroughs in energy storage, with a complete residential production and quality system. Integrated development, testing, and process control ensure scalable, reliable products.

· PV MATERIAL FACTORY (CHINA) ·

HORAY has three key PV material factories: aluminum frames, junction boxes, and PV ribbon. In-house production ensures quality control and stable supply, providing reliable materials to support PV module performance and timely delivery.

· HORAY SOLAR(MALAYSIA) ·

A Horay Group wholly-owned subsidiary, especially for North American market. A global leader in sustainable innovation, specializing in reliable low to medium-wattage modules, customized solutions, and OEM services.
